

Site Map

Only underline the active page. This drop down is toggle on/off with the 3 bar menu icon. Other elements are pushed down when the menu is on (showing).

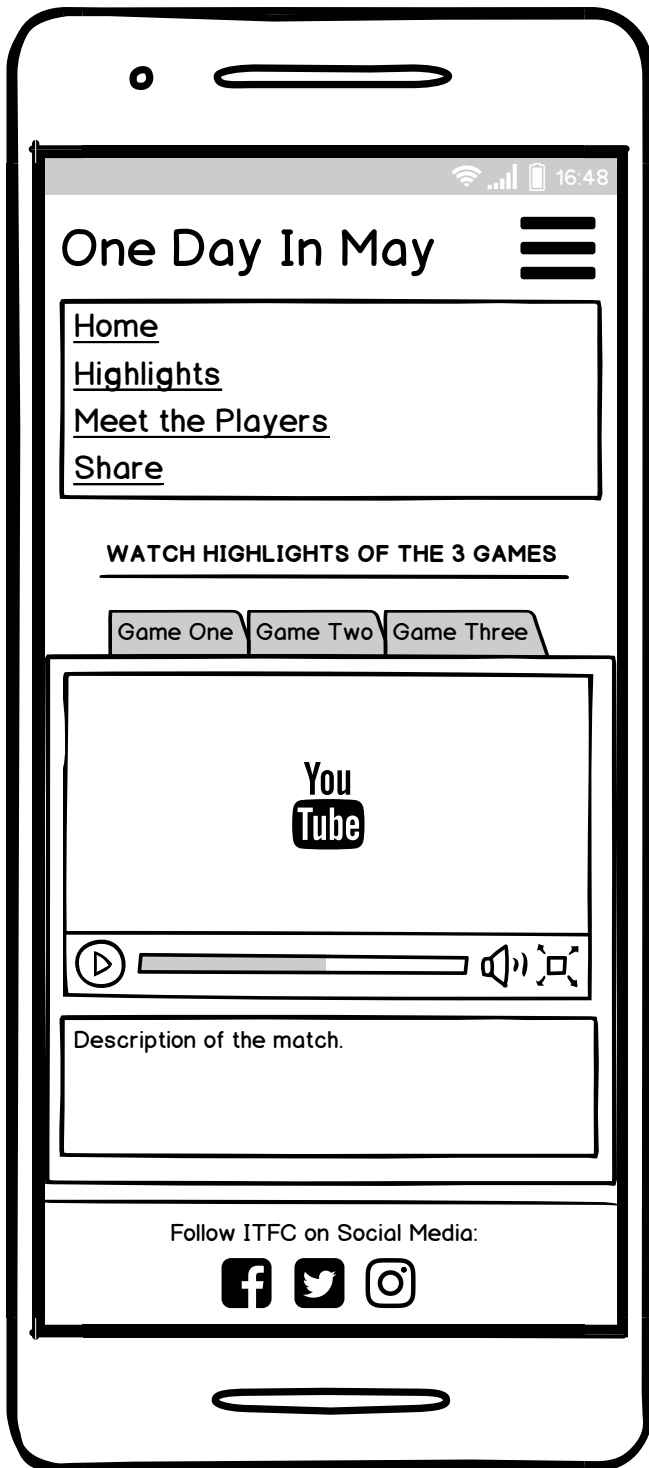

Hero image. Encapsulate Header, Image and text in Jumbotron. Fade image behind text? Or have text above and below image?

Final league table

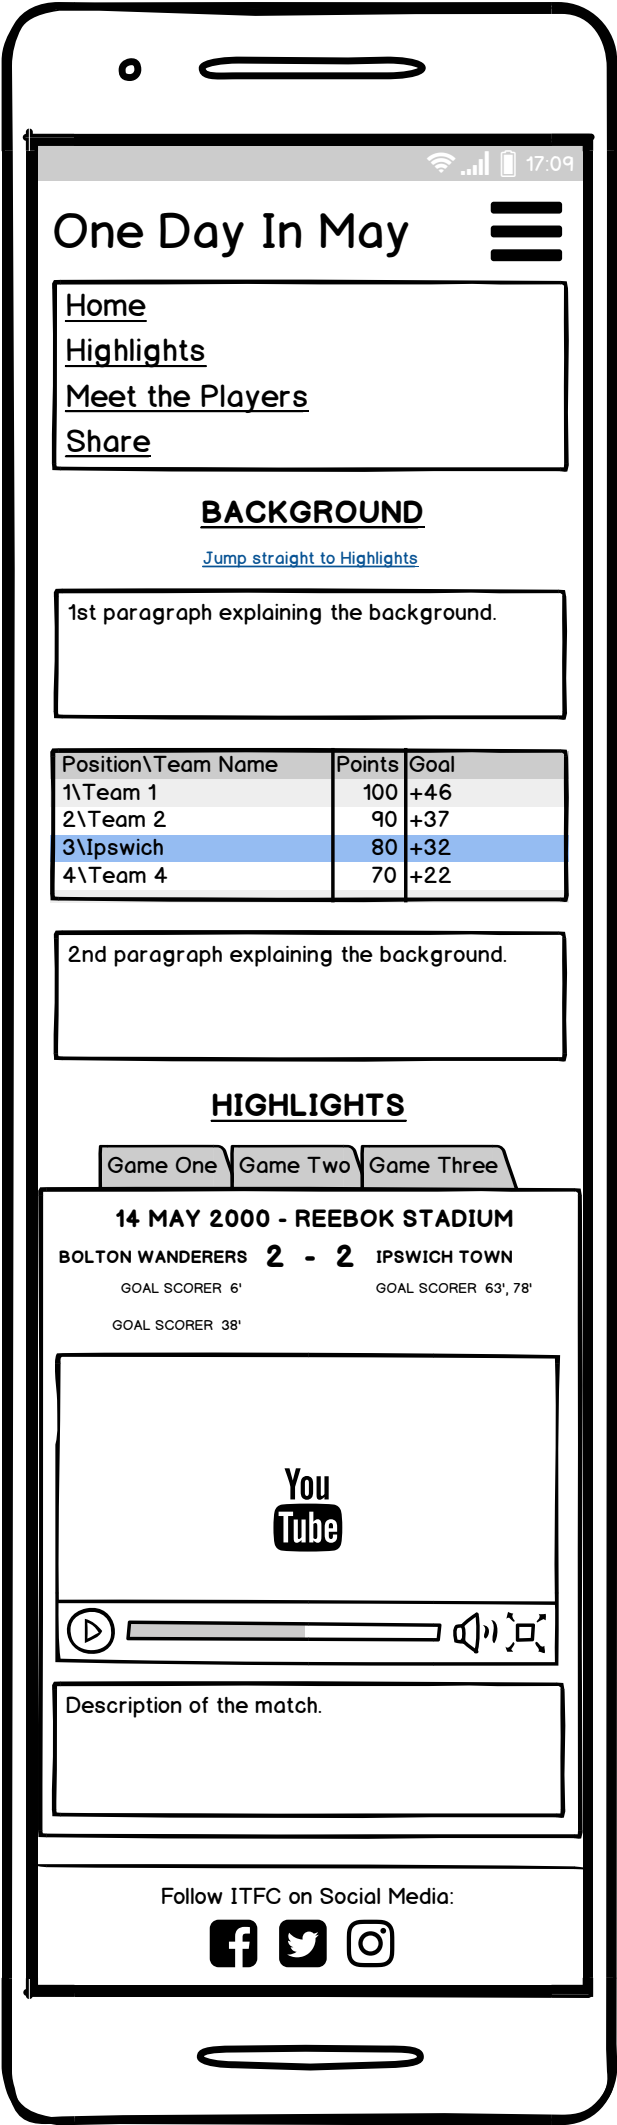

Only underline the active page. This drop down is toggle on/off with the 3 bar menu icon. Other elements are pushed down when the menu is on (showing).

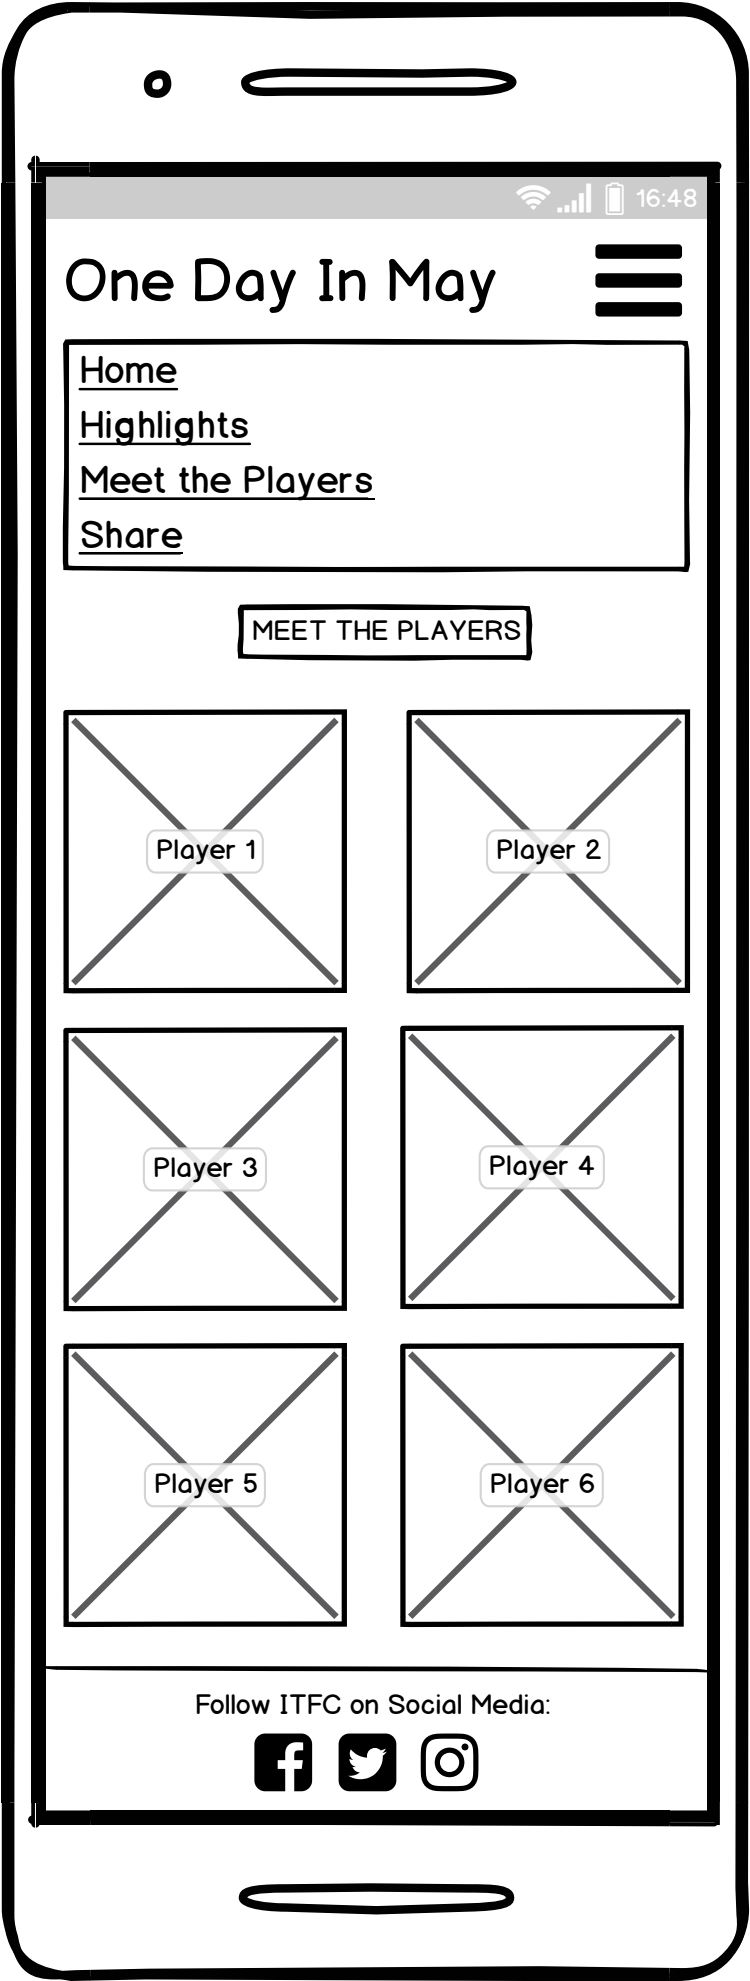

Hero image. Encapsulate Header, Image and text in Jumbotron. Fade image behind text? Or have text above and below image?

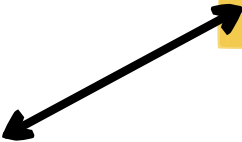

The 3 tabs will have the same layout; an embedded youtube video of the match highlights follow by a brief description of the match.

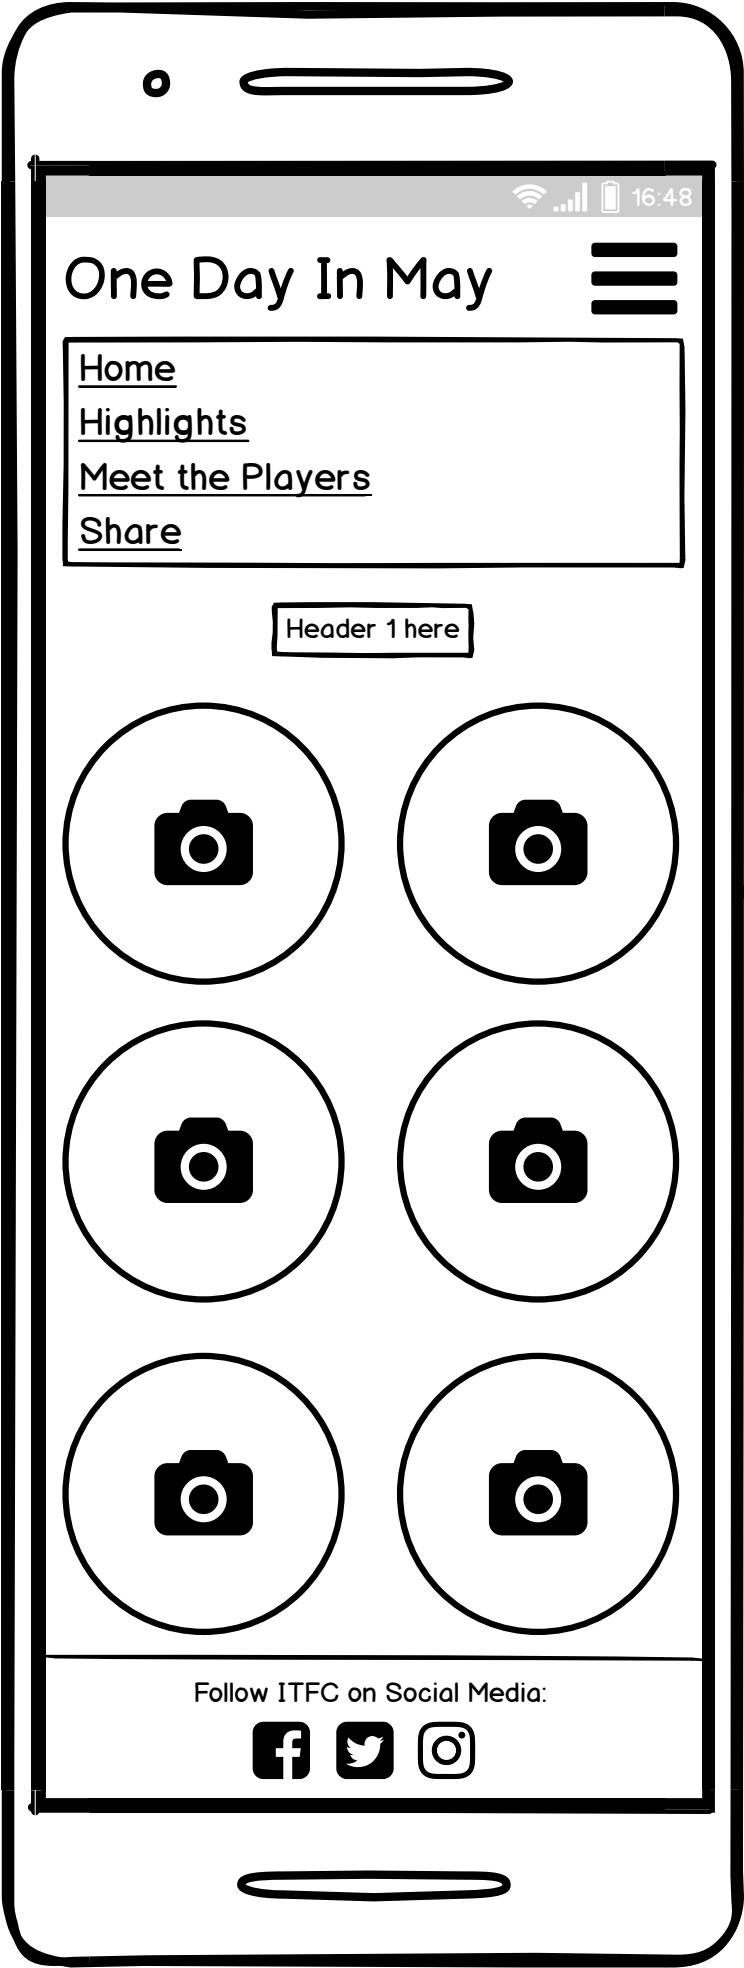

Moved the background from the Home page to the top of the highlights page. Add a link in to jump down the page straight to the highlights section.

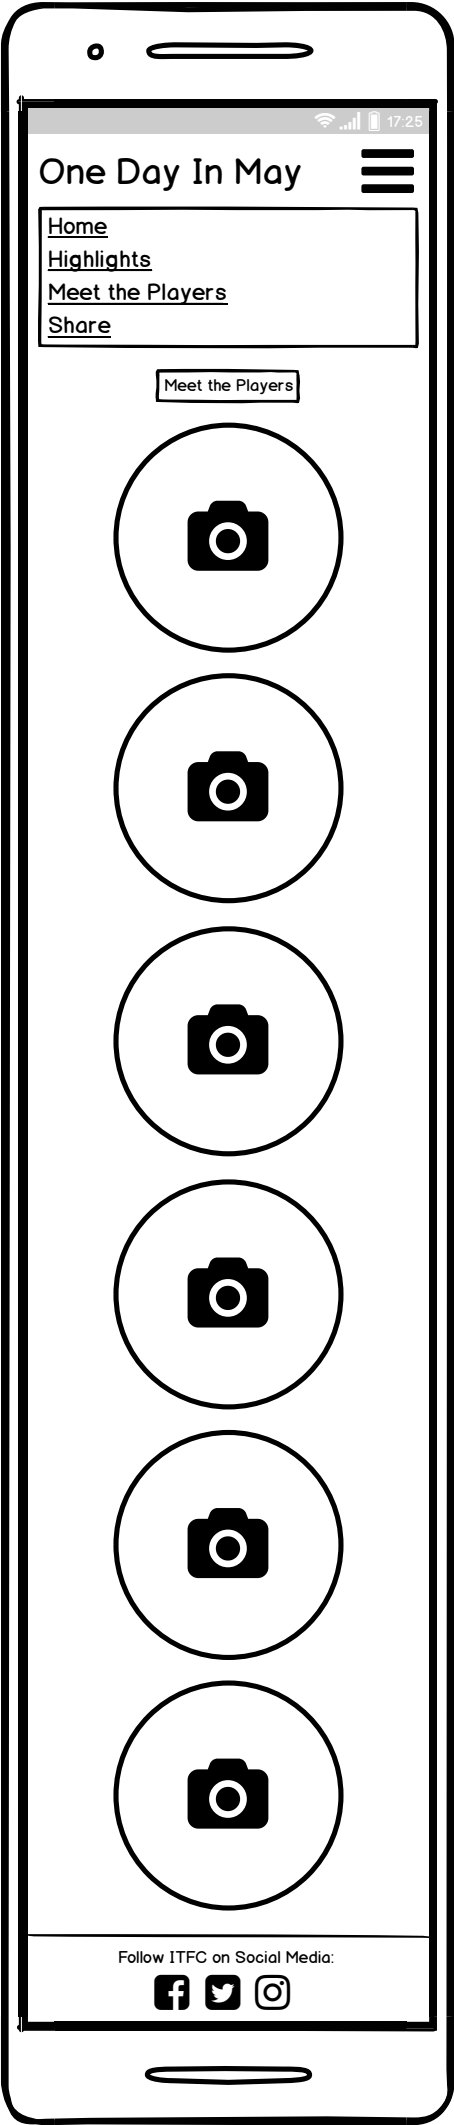

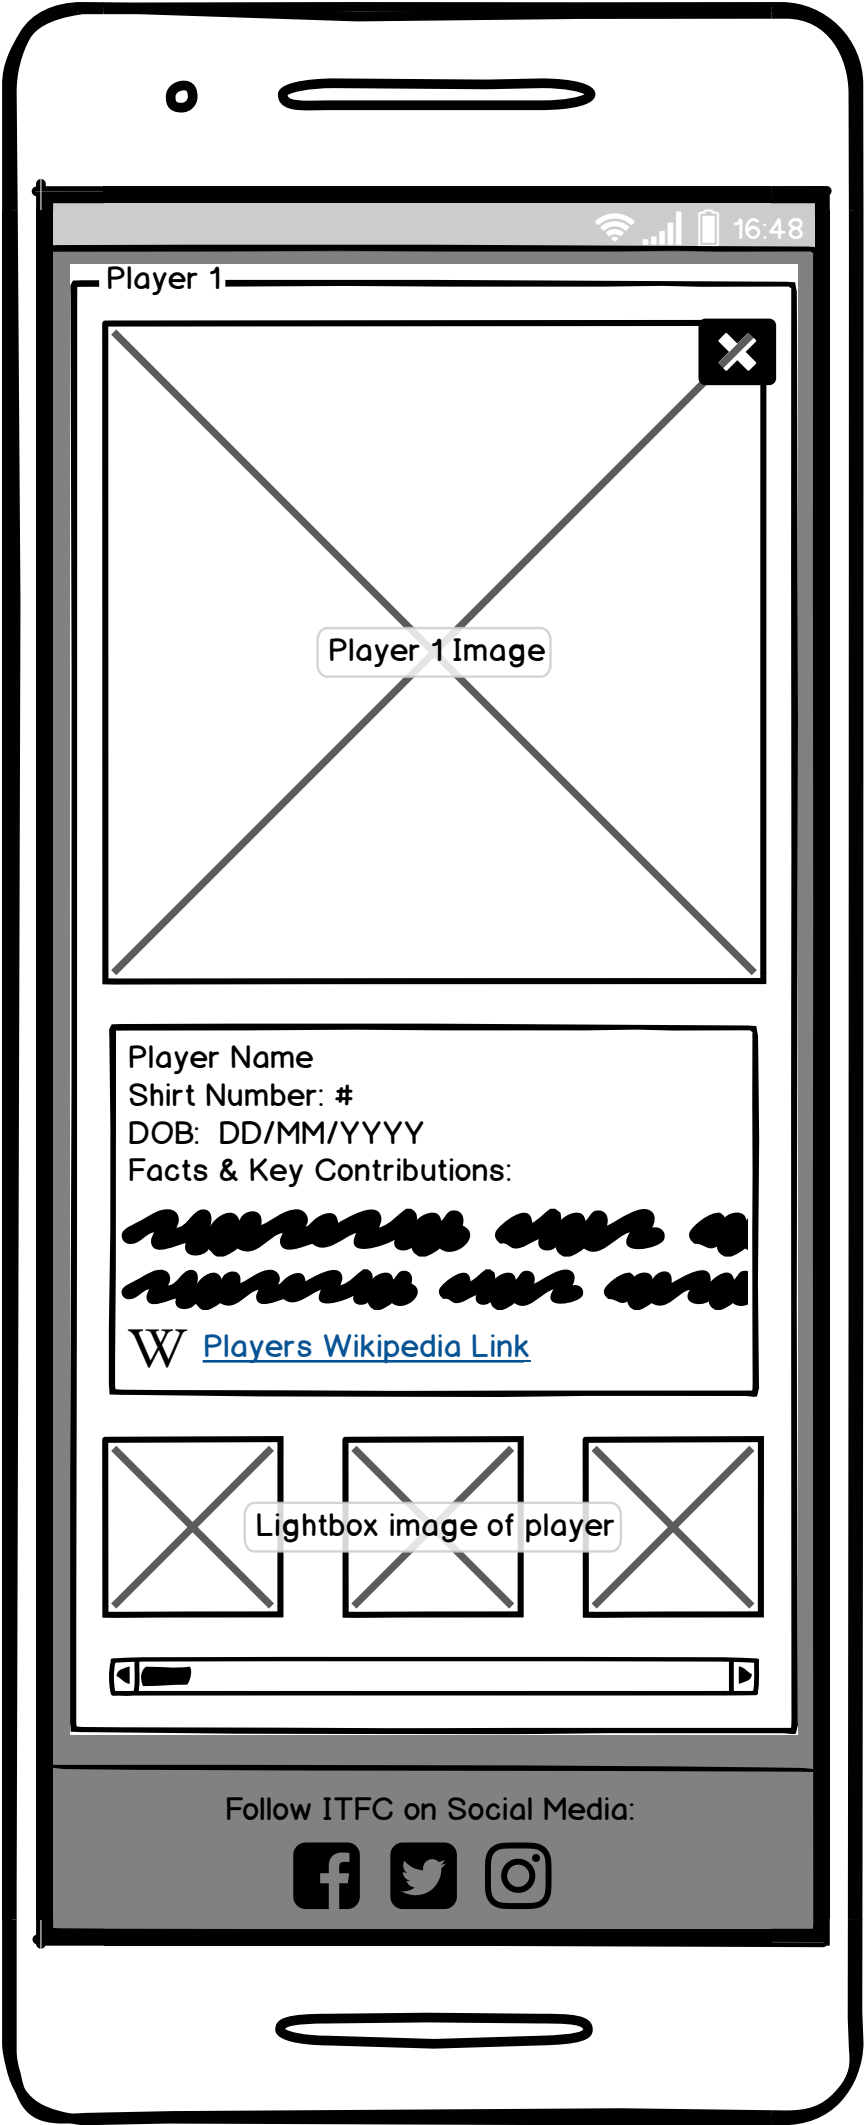

Add some visual effects on loading/hover e.g. zoom in/out a bit. Is 2 images too crowded on small screens? Would one image width be better?

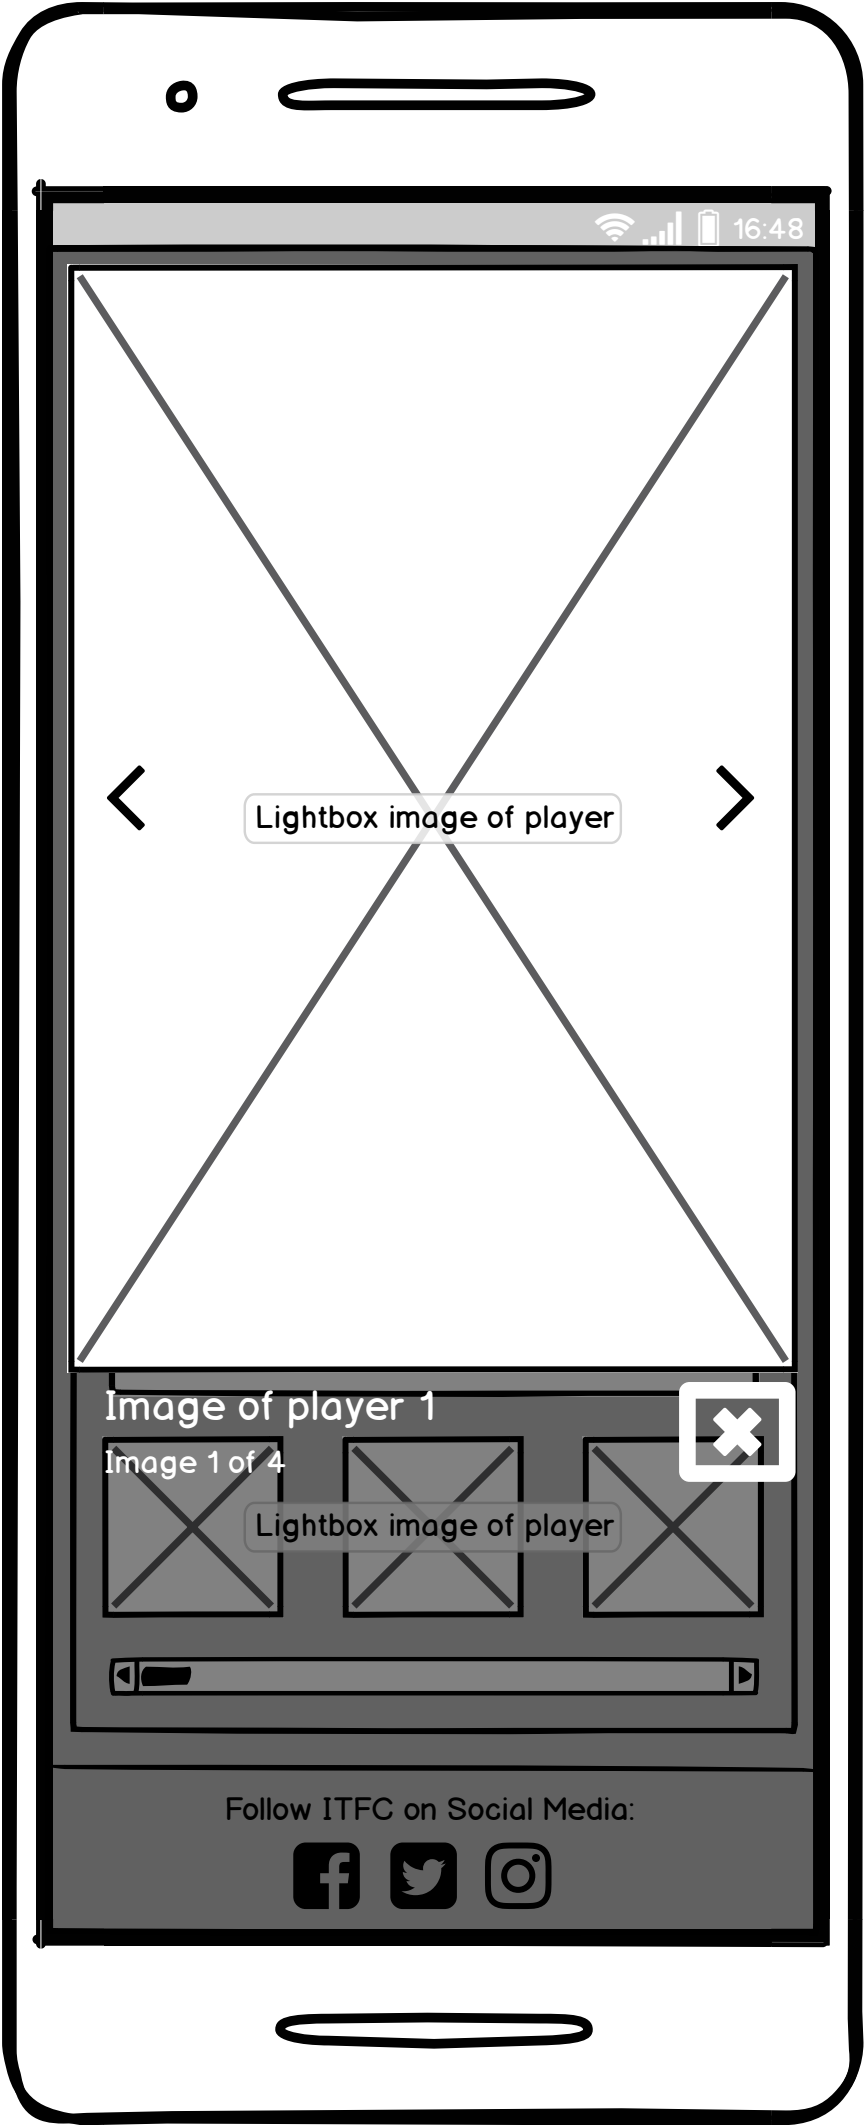

An alternative layout could be to have circular images of the players. Is 2 images too crowded on small screens? Would one image width be better?

ONE DAY IN MAY 2000

ITFC completed the greatest trilogy in play-off history and returned to the Premier League!

Background

[illegible]

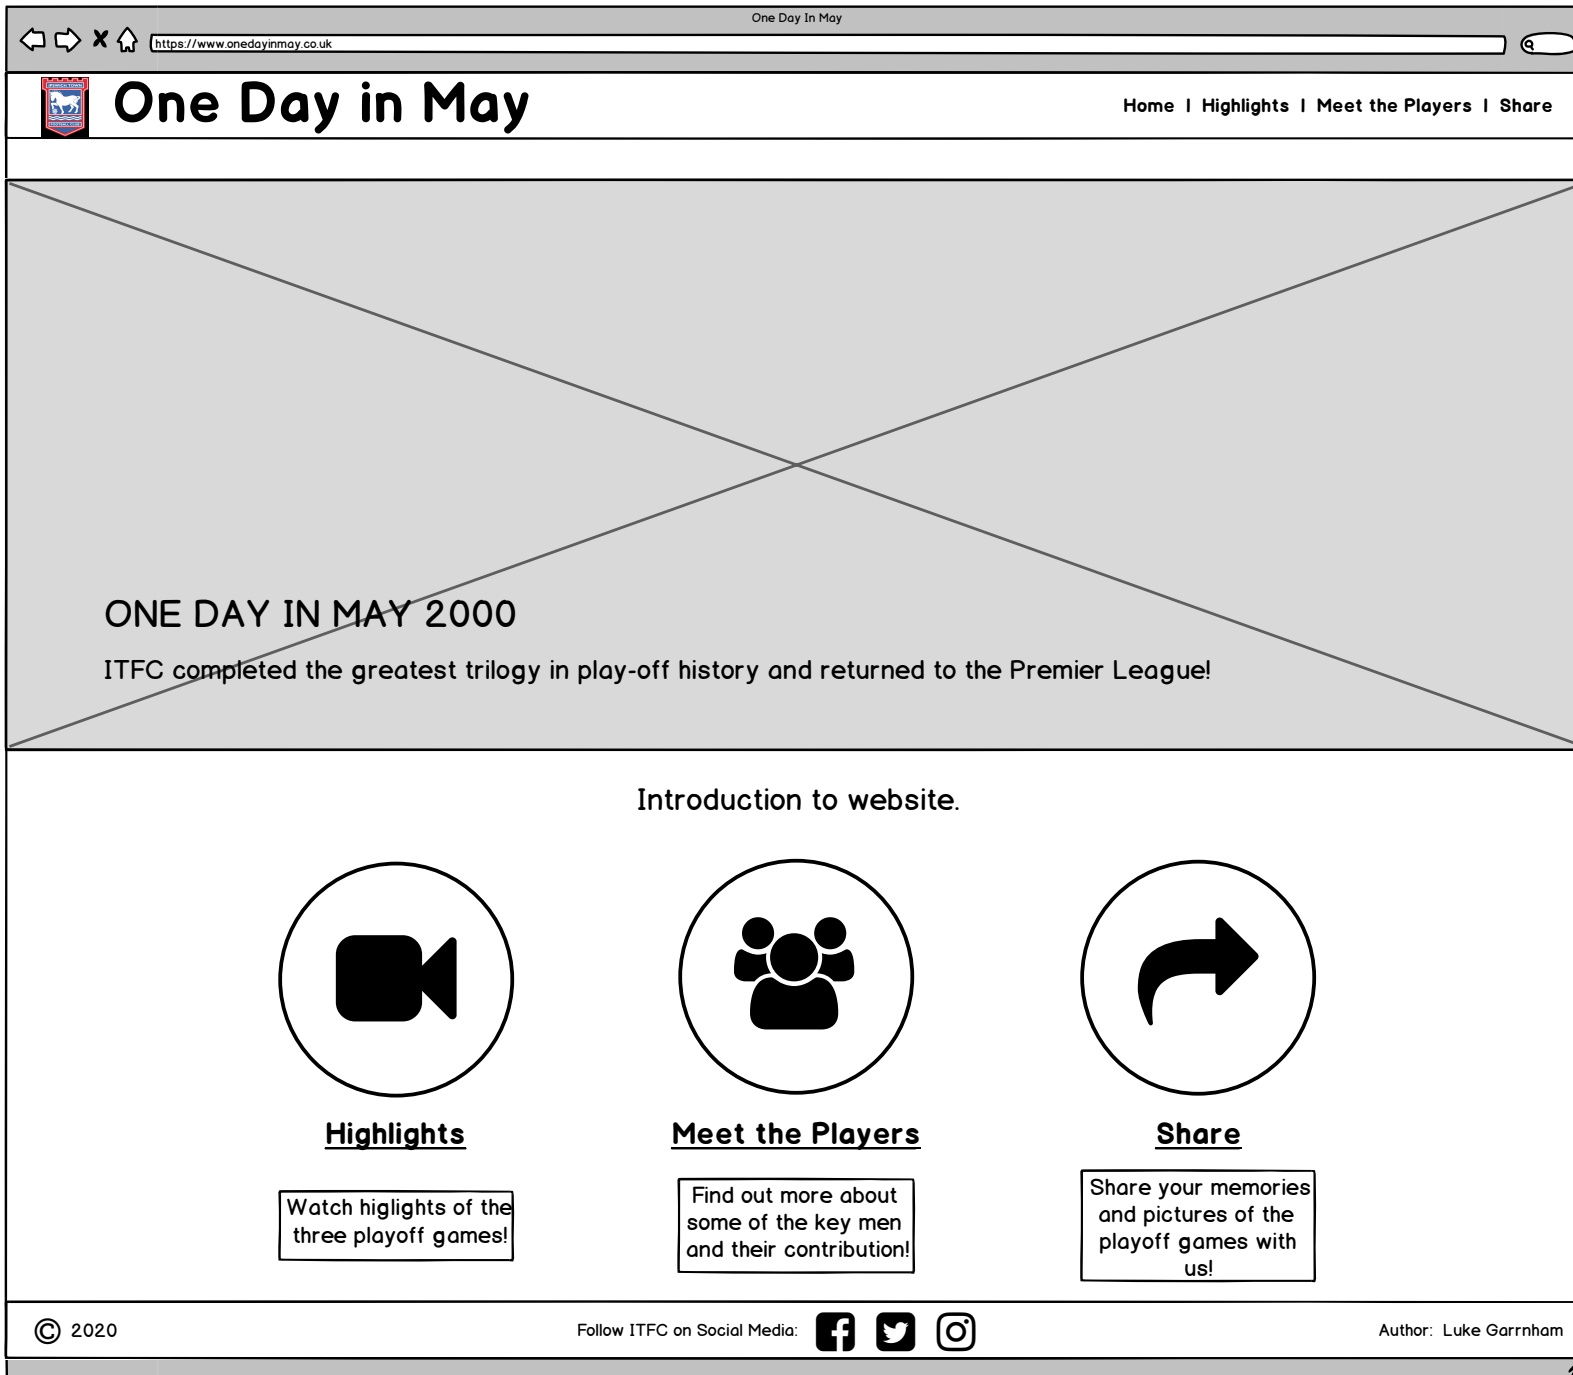

Hero image. Encapsulate Header, Image and text in Jumbotron. Fade image behind text? Or have text above and below image?

Hero image. Encapsulate Header, Image and text in Jumbotron. Fade image behind text? Or have text above and below image?

Links to the various pages and explanation of what each page contains.

Could the background section have its own page? Is it too much information to have this on the home page? Could this appear at the top of the Highlights page instead?
